Thank you. I would now request Mr. Ramesh Chander Khandelwal, Chairman of the Company, to address the shareholders.

Over to you , sir.

Mr. Ramesh Chander Khandelwal:

Dear shareholders,

Coming to the performance of your company for the year 2021-22, the company registered a growth of over 51% in sales and nearly 10% growth in PAT. This performance, in a year which saw the dreaded second wave of covid-19 and substantial disruptions as a result thereof, has been quite encouraging. While the topline growth was buoyed by the increase in steel prices, the bottom-line growth has been a result of focused efforts on improving efficiencies in all components of the operations – be it manufacturing or sales or working capital management. Even as the company continued to face challenges of shortage of manpower and overbearing uncertainties, the company continued to follow all safety norms at work place and ensured complete vaccination of all employees on a timely basis. The risk intelligent culture of the company continued to ensure smooth cash flows, efficient working capital management and minimum disruption of activities.

The impact of two years of Covid-19 across the world has led to a weakened global economy as we enter the financial year 2022-23. The world is still struggling with new variants of covid-19 leading to re-imposition of restrictions in parts of China which in turn has led to supply chain disruptions across the world. This is causing shortages and consequently inflationary pressures in the global market, notably in Europe, the United States and most emerging economies. The geopolitical tensions caused by the Ukraine conflict has led to rise in energy and commodity prices, which has further exacerbated the inflation in the immediate aftermath and will prove to be a headwind to global growth in the medium term. The sanctions on Russia will present its impact on the world order and its fallout on the global economy will also gradually unfold.

Amidst stresses being witnessed across developed and emerging economies of the world, the India outlook appears fairly encouraging. On the steel consumption and demand front, there is a visible upswing both on account of pent up demand getting released as well as shift in consumption behavior. This, coupled with the significant capital expenditure by the Government of India, has led to a V-shape recovery in demand in most steel markets, post survival of restrictions in Qtr-4, Financial Year 2021-22. Government spending in infrastructure projects such as airports, metro rail projects, highways has been very encouraging and is likely to continue to be key driver in steel demand.

Now I would like to take this opportunity to express grateful appreciation to all employees for their hard work, dedication and commitment. Your Directors also take this opportunity to thank all Shareholders, Business Partners, Government and Regulatory Authorities and Stock Exchanges, for their continued support.

We will now look through the items of businesses to be transacted at this AGM.

The Notice convening the meeting setting out the ordinary and special businesses to be transacted, the explanatory statements thereto, the Annual Report which inter alia comprises Audited Accounts for the year ended 31st March, 2022 has been sent to you in advance. With your concurrence, I shall take them as read.

The Statutory Auditors' report on the Annual financial statements of the Company for the financial year ended 31st March 2022 and the secretarial audit report for the said period do not contain any qualification, observations or comments on financial transactions or matters which would otherwise have adverse effect on the functioning of the company hence the same are not required to be read out as provided in the Companies Act, 2013 and with your permission I shall take them as read.

Since this meeting is being held through Video Conferencing or other audio visual means the resolutions mentioned in the notice convening in this AGM have already been put to vote through remote e-voting hence there is no proposing and seconding of resolutions.
